ArtaGlass

A brand of Gustav van Treeck Studios Munich
Bayerische Hofglasmalerei since 1887

ArtaGlass team would like to welcome you to our exciting new catalog amalgamating our development and innovation in glass and mirror processing with modern aluminium door, partition, and screen systems.

Our whole range is designed and manufactured by us. We hope to inspire you to dream and create something unique - in either a commercial or residential environment - to bring practicality, great light, and warmth.

Each project is different, and we are here to help and inspire and ensure you are presented with something that is not just something unique and beautiful but also fit for purpose.

Each product is tailor-made on the requested dimension, with a choice of different glass types, profile colors, and systems.

From all of us at **ArtaGlass**, we are looking forward to your call and helping you with the following steps on your project journey.

POCKET DOORS

ETTA

MAIA

ISSA

The sophisticated design of our glass POCKET DOOR system is ideal for bringing minimalism to living spaces.

Disappearing sliding doors can be installed on standard subframes with frames suitable for the glass thickness.

DIMENSION	L	H
ETTA up to	700-1500	2450-3000
MAIA up to	700-1300	2150-2750
ISSA up to	700-1500	2450-3000

ETTA split jamb doors

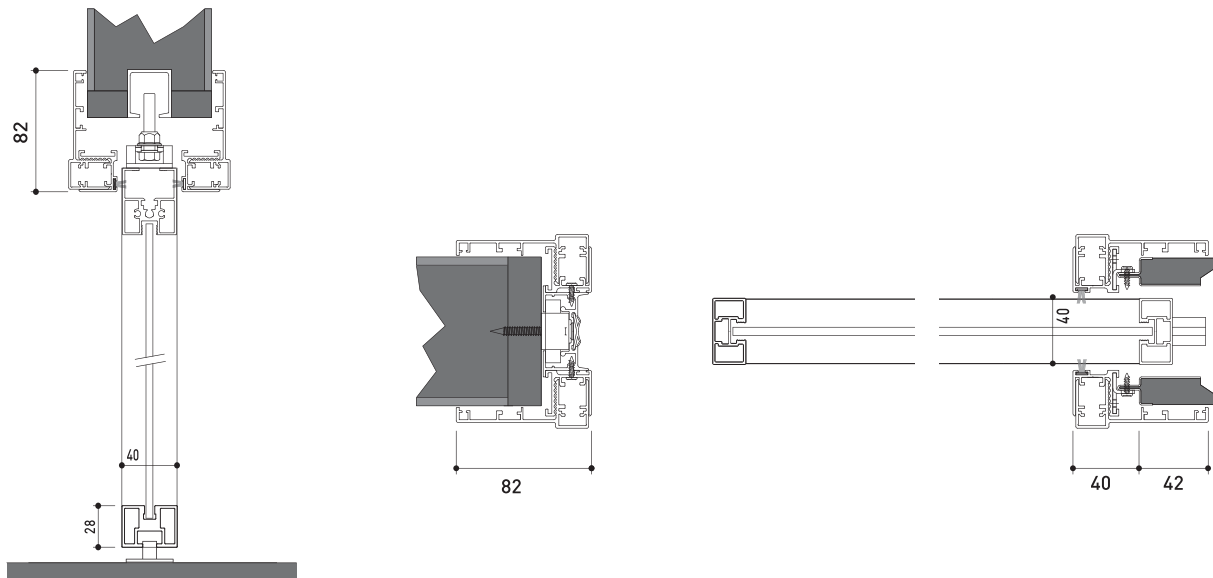

CONFIGURATIONS

Technical drawing of pocket doors shows us the simplicity of the sliding mechanism.

To bring any design into your ideal space you can choose between several colors of our aluminium frames, with optional RAL colors.

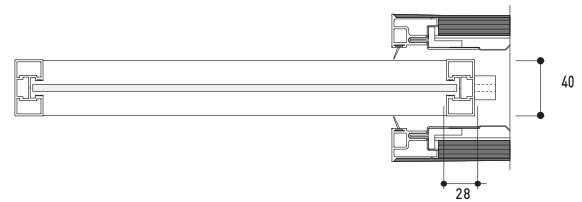

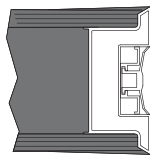

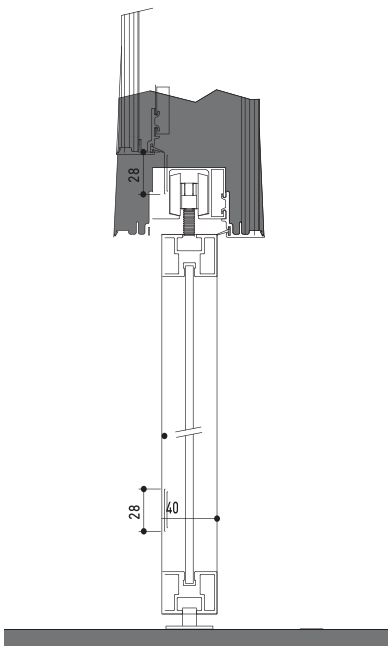

ETTA flush wall doors

CONFIGURATIONS

Pocket doors are convenient when it comes to designing your own home. It disappears into the wall, and you can use that space for anything you want.

MAIA split jamb doors

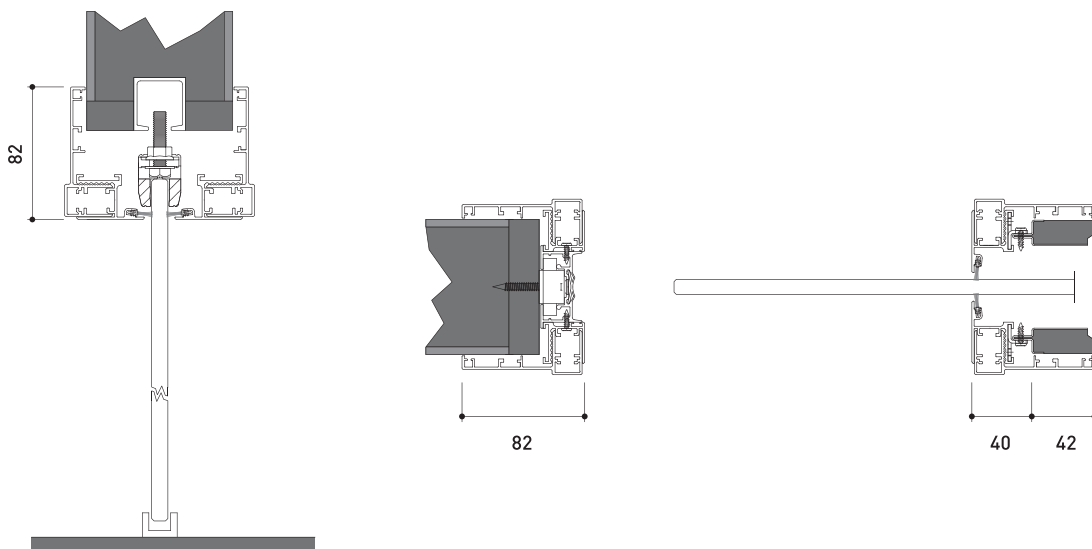

CONFIGURATIONS

You can choose between several types of pocket doors. If you prefer a split jamb without any aluminium frame on the glass, we are talking about MAIA SPLIT JAMB.

The contrast of two surfaces makes decoration to your wall.

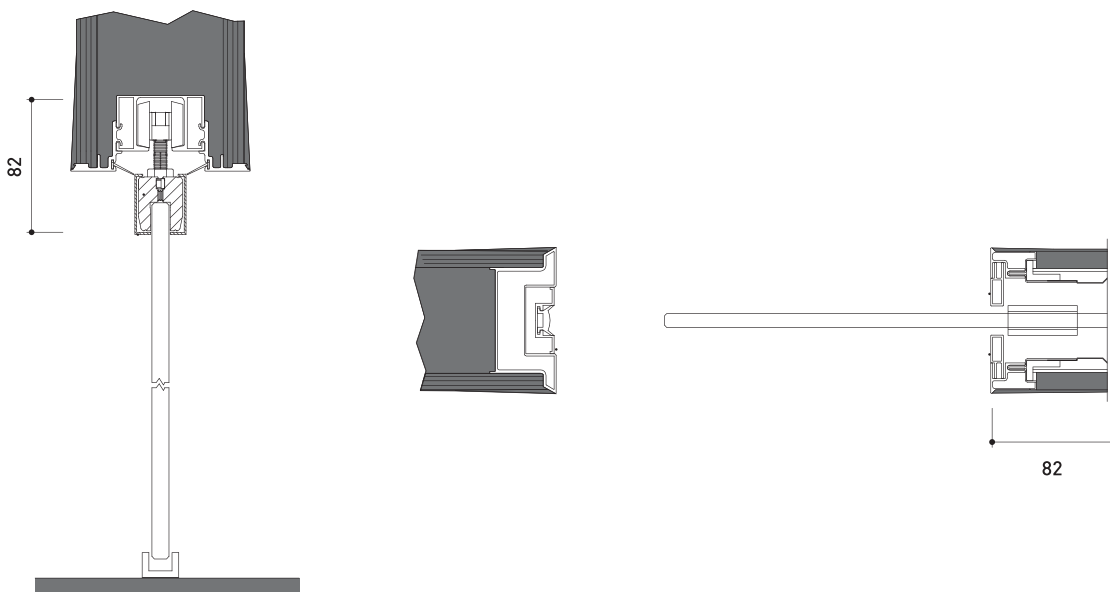

MAIA flush wall doors

CONFIGURATIONS

Clean and minimal decoration, without any aluminium frame, glass is simply fading into the wall.
That link between two spaces appears, and again we have visible separation.

ISSA split jamb doors

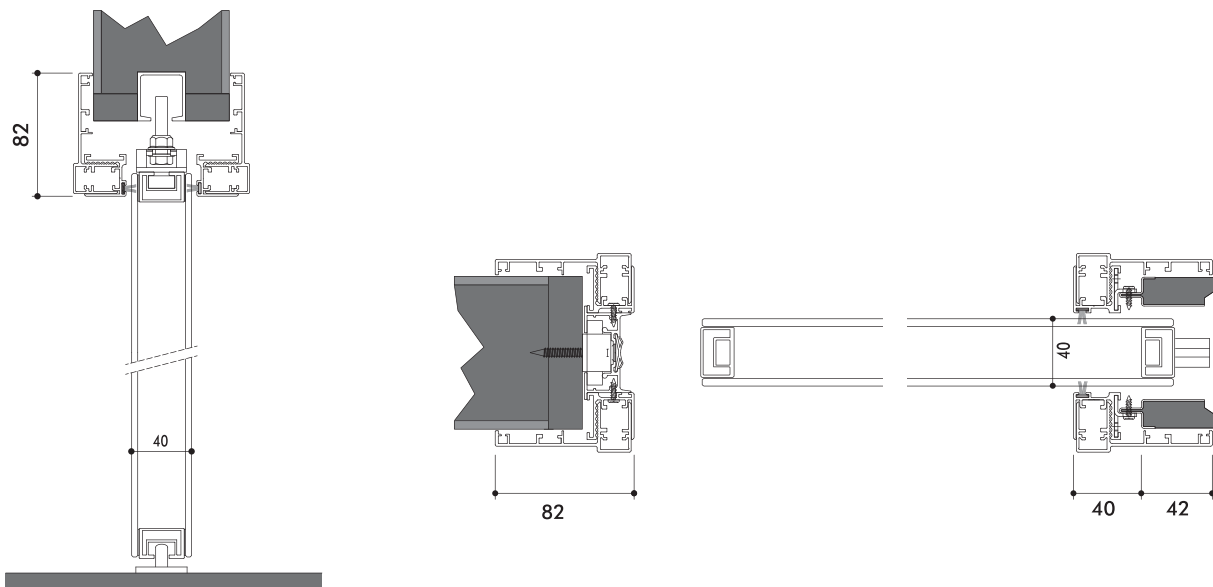

CONFIGURATIONS

Pocket doors are excellent for optimizing space allowing freedom in planning.

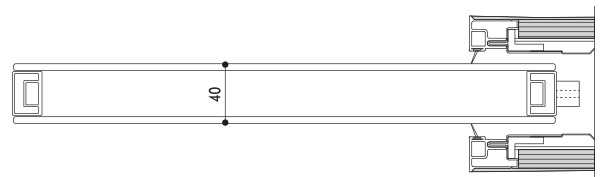

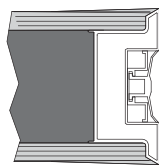

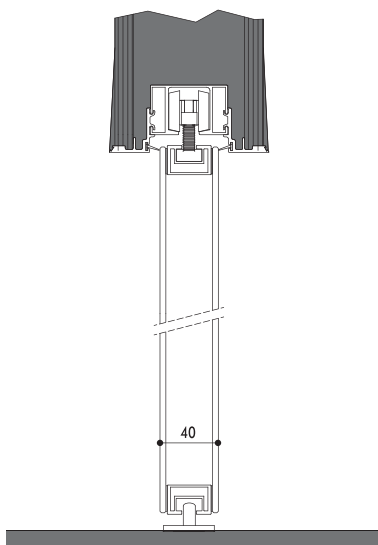

With or without an aluminium doorjamb, you can get a multifunctional environment.

ISSA flush wall doors

CONFIGURATIONS

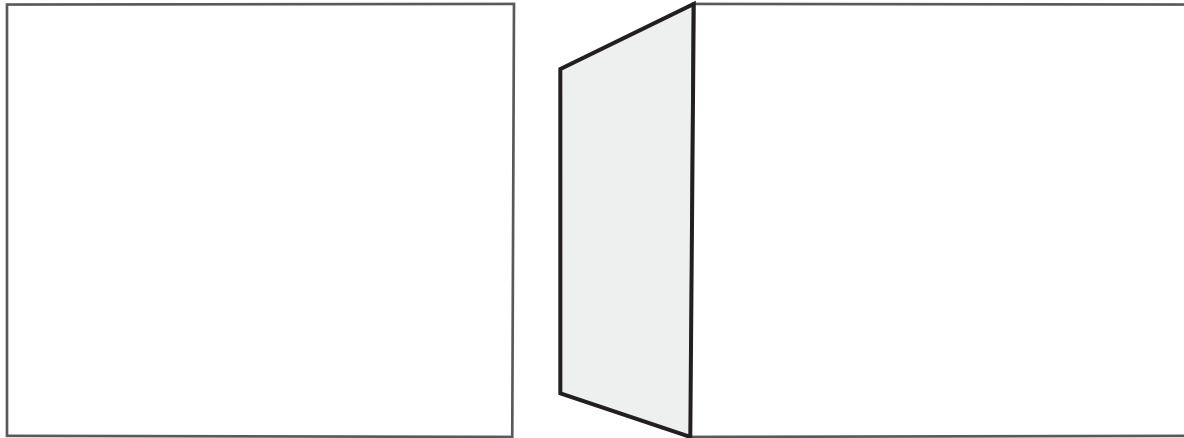

HINGED DOORS

ETTA

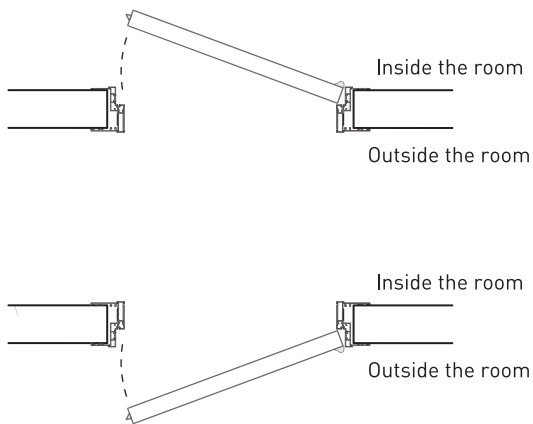

MAIA

ISSA

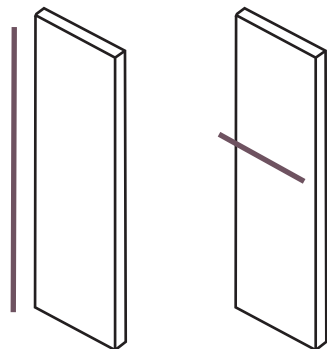

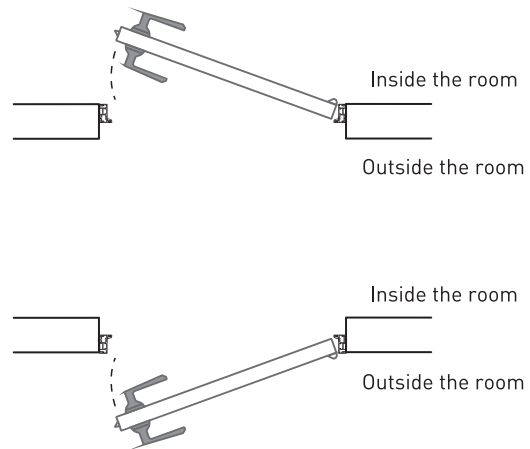

Hinged doors are traditional door systems with an exceptionally modern look. They can open up to 180 degrees.

CONFIGURATIONS

HINGED FLUSH-TO-THE-WALL DOORS

ISSA

HINGED FLUSH-TO-THE-WALL doors can almost completely blend in with the wall thanks to the concealed hinges.

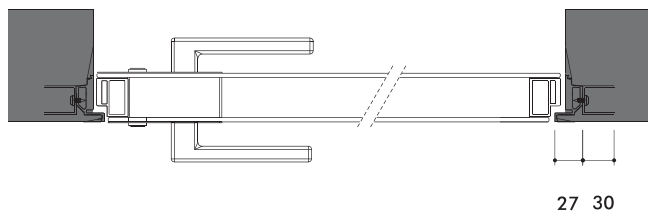

ISSA

CONFIGURATIONS

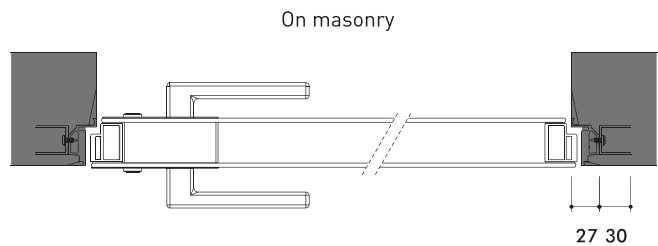

For HINGED FLUSH-TO-THE-WALL doors, there are two variants of opening. Here are the technical specifications of push opening and pull opening.

TECHNICAL SPECIFICATIONS PUSH OPENING

TECHNICAL SPECIFICATIONS PULL OPENING

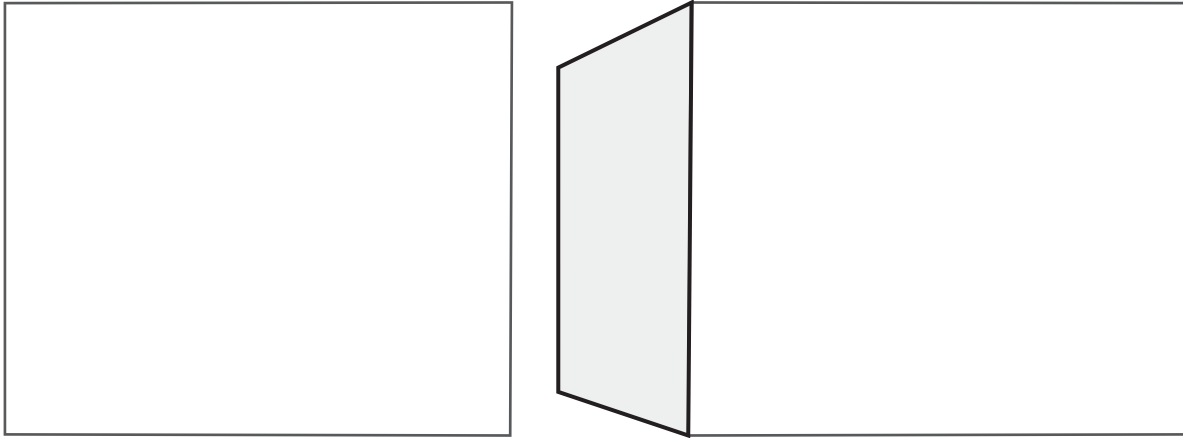

HINGED WIND DOORS

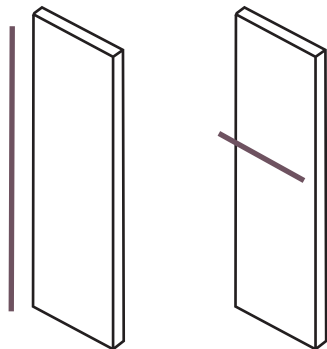

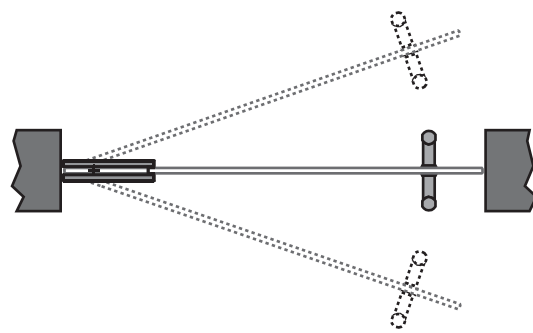

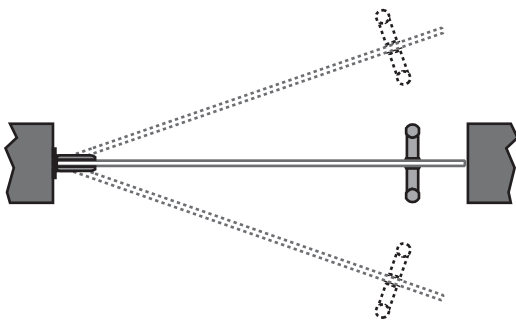

MAIA

HINGED WIND doors have integrated hydraulic hinges with the regulation of closing speed. Hinges mounting supports the weight of the door.

WALL

FLOOR

DIMENSION	L	H
ETTA up to	700-1500	2450-3000
MAIA up to	700-1300	2150-2750
ISSA up to	700-1500	2450-3000

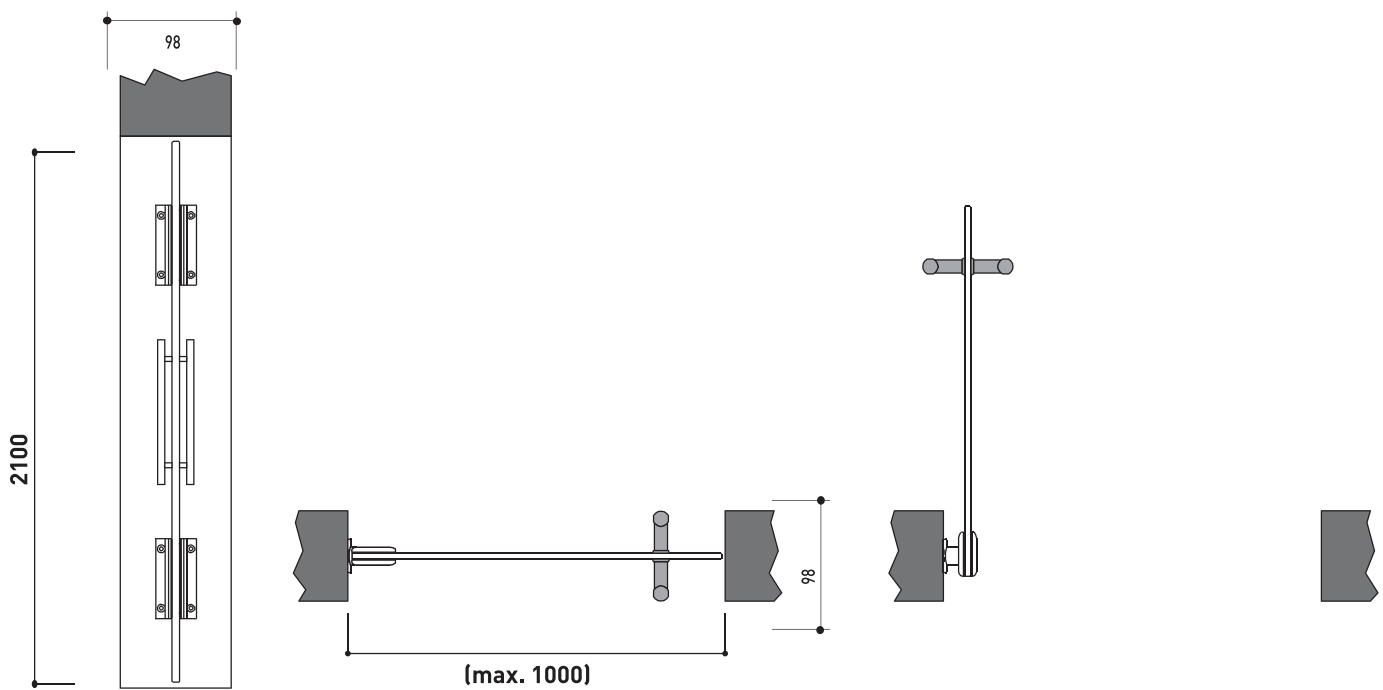

MAIA wall doors

CONFIGURATIONS

Integrated hydraulic hinge with regulations of closing speed and final sprint of the door. Stop at 0° +90° -90°. The absence of strike jambs allows a free movement of the door, both push and pull direction.

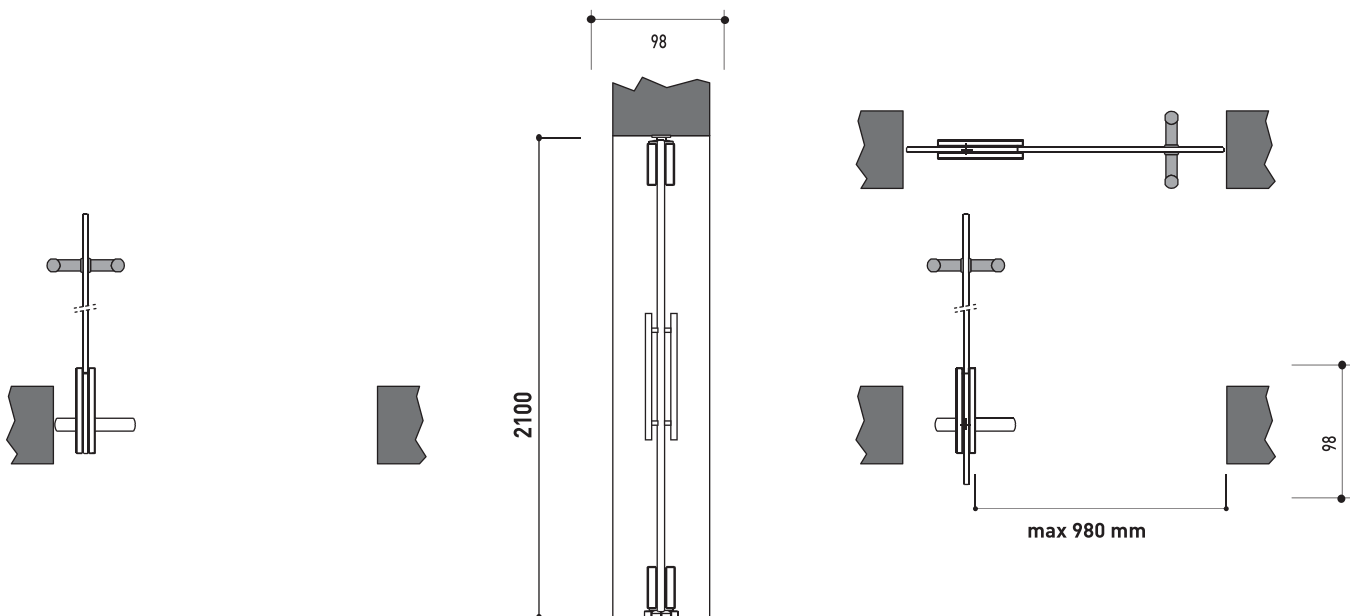

MAIA floor doors

CONFIGURATIONS

Integrated hydraulic hinge with regulations of closing speed and final sprint of the door. The absence of strike jambs allows a free movement of the door, both push and pull direction. This system is perfect for places where the wall can't support the door's weight and where the installation of wall hinges isn't possible.

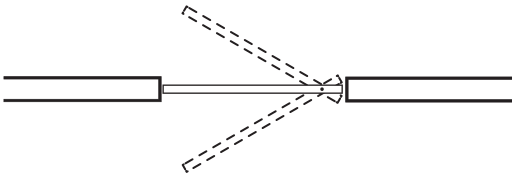

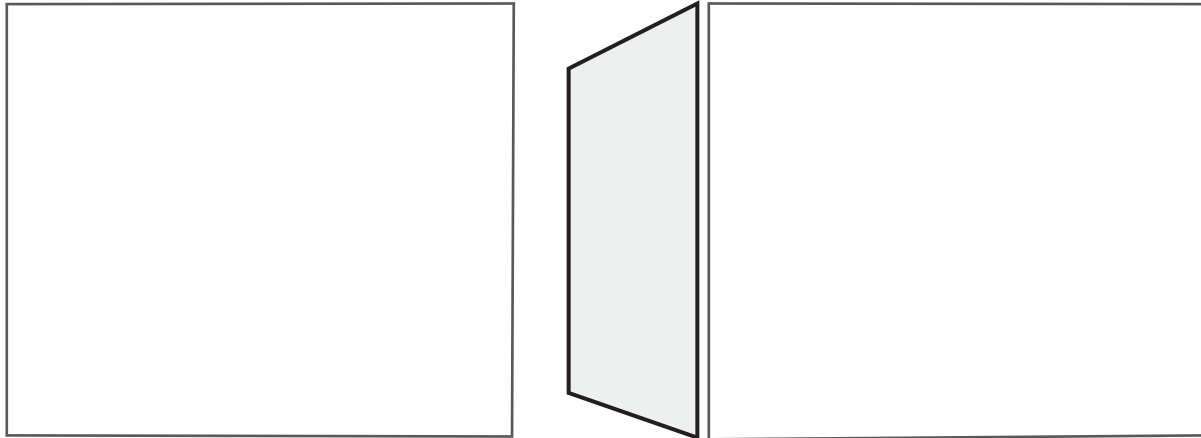

PIVOT OPENING

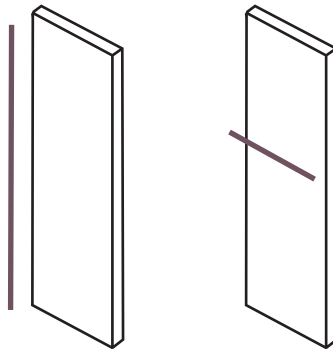

ETTA

ISSA

The pivot door rotates on a pivot box in the floor and the top jamb rather than traditional door side hinges. Regardless of where the hinge is placed, all of our custom-built, luxurious pivot doors are perfectly balanced.

The pivot door has an opening up to 360°. The full-height hinge enables the elimination of frames and traditional hinges, enhancing the simplicity of the door.

PATTERN MIRROR

Our pattern mirror collection delivers an infinite variety of patterns on either a single plate or laminated glass. Applying a mirror to both sides of the glass creates depth, movement, and shade inside the glass panel.

Because we control every stage of the manufacturing process, we can adjust any of our techniques to suit your needs, e.g., silvering (mirroring), coloring, using different types of glass, etc., but ultimately the choice is yours.

Pattern mirrors are an excellent solution for interior walls and space partitions by reflecting light, adding privacy, and creating a luxury feel.
